Changing Your PayPal Setup

Important Notice to all Current PayPal Users

The recent updating of our e-commerce service requires a change in your PayPal setup to insure that you receive payment for your online orders. Failure to make the changes listed below could result in incomplete orders and/or payments. Questions? Please contact our tech support department @ ext. #103

Please review & follow the steps below to insure continuous PayPal credit card processing. Special attention should be given to step #'s 7, 15 & 16 as these are critical changes.

My Account	Events	Albums	Pricing & Payments	Reporting			
Price Lists	Image Options	Auto Fulfillment Option Pricing	Custom Product Pricing	Payment Methods	PayPal	Google	

Before starting make sure you have a Verified "Premier Account" or "Business Account"

Accept credit cards in just minutes!

To set up your PayPal account do the following:

1. Log into your PayPal account.
2. Go to the "My Account" tab.
3. Click the "Profile" link in the sub navigation bar below the tabs.
4. Click "My selling tools." on the left side.
5. Click the "Website Preferences" click update.
6. Check "Auto Return" to "on".
7. Enter <http://www.eventproofs.com/paypal.php> for the Auto Return url.
8. Make sure "Payment Data Transfer" is set to "off".
9. Set "Block Non-encrypted Website Payment" to "off".
